

POWER LINKERS GROUP OF COMPANIES AT A GLANCE

Title of Firm	:	Power Linkers Group Consists of Following Firms as per their areas of business ACE POWER LINKERS PVT. LTD. POWER SYSTEM CONSULTANTS PSC CONSULTING ENGINEERS
Year of Establishment	:	1981
Office Location	:	122, Nahar & Seth Estate, Chakala, Andheri (East)
Tel No.	:	+91-22 - 2823 48 92 (4 Lines), 2832 5565, 2821 1745
Fax No.	:	+ 91- 22 - 2838 6205
Email	:	powersys@vsnl.com

ORGANISATION STRUCTURE

In the field of Electrical System Design and Electrical System Testing & Commissioning, few players could hope to match Power Linkers group in terms of access to cutting edge technology, quality experience in Project handling and wide repertoire of value added services.

Conceived in 1981 by an elite team of engineers breaking frontiers in the field of engineering at Tata Consulting Engineers, Mumbai, some of whom have even published papers in International and National Journals, this dynamic enterprise with core competencies in Electric Design began operations with Testing & Commissioning of Industrial Electrical Systems, where the jobs of Relay Testing were carried out. With progressing time, the scope of services widened to include Project Design Engineering and Testing Commissioning.

The organization currently executes major Design, Testing - Commissioning and Electrical System Study projects comprising EHV / HV Switchyards, Power Transformers, Diesel and Thermal Power Plants Electrical System, MV / LV switchgear, Microprocessor, Numerical relay based equipment and system protections, etc.

The year 1987 marked the organisation's foray into the field of Project Engineering and Electrical System Studies with initial jobs such as Load Flow Analysis, Short Circuit Study, Relay Setting and Relay Co-ordination.

Power Linker's distinctive competence and functional efficacy had the clients, developed during the period, entrusting Power Plant Engineering assignments as well. Later, the organization in a joint venture with Bhagwati Power Plant Engineers (a Bhagwati Group of companies) also took to offering complete Power Plant Turnkey Consultancy services in the field of Electrical, Mechanical, Civil and Instrument Engineering on, Engineering, Procurement and Commissioning basis.

Power Linkers' reputation for quality engineering output alongwith its specialised expertise in high-tech areas of Electrical Design has helped create a diverse customer base comprising leading Fertilizer, Petrochemical, Refinery, Power, Cement and other industrial plants such as,

- Grasim Industries Ltd., Nagda
- Indo-Gulf Fertilizers (Birla Copper Project), Dahej,
- Gujarat State Fertilizers & Chemicals Ltd., Gujarat
- National Organic Chemical Industries Ltd., Thane
- Hindustan Petroleum Corporation Ltd., Mumbai
- Bharat Petroleum Corporation Ltd., Mumbai
- Associated Cement Co. Ltd.
