

POWER LINKERS GROUP OF COMPANIES AT A GLANCE

Title of Firm : **Power Linkers Groups** Consist of Following Firms
as per their areas of business
POWER-LINKER
ACE POWERLINKERS PVT. LTD.
POWER SYSTEM CONSULTANTS

Year of Establishment : 1981

Office Location : 122, Nahar & Seth Estate, Chakala, Andheri (East)

Tel No. : + 91-22 - 2823 4892

Fax No. : + 91-22 – 28386205

Email : hcmehta@powerlinker.org

ORGANISATION STRUCTURE

In the field of Electrical System design or Electrical System Testing & Commissioning, few players could hope to match Power Linkers Group in terms of access to cutting edge technology, quality experience in Project handling and wide repertoire of value added services.

Conceived in 1981 by an elite team of engineers breaking frontier in the field of engineering at Tata Consulting Engineers, Mumbai, some of whom have seen published papers in International and National Journals, this dynamic enterprise with core competencies in Electrical Design began operations with Testing & Commissioning of Industrial Electrical Systems, where the jobs of Relays Testing were carried out. With progressing time, the scope of services widened to include Project design Engineering and Testing Commissioning.

The organization currently executes major Design, Testing – Commissioning and Electrical System Study projects comprising EHV / HV Switchyards, Power Transformers, Diesel and thermal Plants Electrical System, MV / LV switchgear, Microprocessor, Numerical relay based equipment and system protections, etc.

The year 1987 marked the organization's foray into the field of Power Engineering and Electrical System Studies with initial jobs such as Load Flow Analysis, Short Circuit Study, Relay Setting and Relay Co-ordination.

Power Linker's distinctive competence and functional efficacy had the clients developed during the period, entrusting Power Plant Engineering assignment as well. Later, the organization in a joint venture with Bhagwati Power Plant Engineers (A Bhagwati Group of Companies) also took to offering complete Power Plant Turnkey Consultancy services in the field of Electrical, Mechanical, Civil and Instrument Engineering on, Engineering, procurement and Commissioning basis.

Power Linker's reputation for quality engineering output alongwith its specialized expertise in high-tech areas of Electrical Design has helped create a diverse customer base comprising leading fertilizer, Petrochemicals, Refinery, Power, Cement and Other Industrial plants such as,

- ACC-Ambuja Cement Plants (Holcim Group)
- Aditya Birla Group of Co's
- Jindal Group of Co's
- Essar Group of Co's
- Vedanta Group of Co's
- Reliance Group of Co's
- Hindustan Petroleum Corporation Ltd., Mumbai
- Bharat Petroleum Corporation Ltd., Mumbai
